WebDT 310/ 360

Mobile Tablet
for High Performance Wireless Computing

WebDT®

DT Research designs and manufactures a comprehensive line of network-ready information appliances, enabling secure and reliable access to the Internet and applications, anytime, anywhere. The WebDT 310/ 360 mobile tablet is more dependable than a laptop, and offers a larger display than a PDA. Ideal for mobile computing, the WebDT 310/ 360 is user-friendly and ready to integrate with other systems.

Key Features:

- Light and durable; ruggedized for handling and storage
- Fan-less operation, no moving parts with flash-based storage
- Support for Windows® CE, Windows® XP Embedded and Tablet PC Edition
- Optional magnetic stripe reader, barcode scanner, and camera
- Optional hot-swappable battery expansion
- VESA-compliant cradles for mounting options
- Optional desktop charging cradle with USB and Ethernet ports
- Outdoor-viewable display option
- Comprehensive remote device administration through server-based WebDT Device Manager software

The WebDT 310/ 360 features the integration of a brilliant 10.4" or 8.4" touch display and an efficient AMD Geode™ processor within a thin, light, and durable package. Ideal for network and information access, the WebDT 310/ 360 offers a choice of operating systems, wireless LAN and WAN support, and Citrix ICA and Microsoft RDP client/server computing protocols. With options for magnetic stripe reader, barcode scanner, and camera, these tablets offer seamless information capture for instant transmission. With a responsive touch screen, on-screen keyboards, and a variety of VESA mounting options for placement in vehicles, on moveable arms, walls, or mobile carts, this tablet is adaptable to almost any environment.

The WebDT 310/ 360 - mobilize your workforce.

Applications

- Inventory and Warehousing
- Education
- Manufacturing
- Healthcare
- Finance
- Retail
- Control and Monitoring
- Hospitality
